

A-7445 Motor V2

NOTE: The Prop Hub shown is the default selection for this specific size / KV of the A-74 series motor. However, all A-74 Prop Hub options are interchangeable and can be purchased as accessory parts. Motor can as well also be used without Prop Hub, with prop bolting directly to motor face for UAV applications.

Prop Hub Options

- A-74 Prop Hub - 4 x M5 @ 30mm Diameter (60cc – 76cc class)
- A-74 Prop Hub - 6 x M5 @ 29mm Diameter (85cc – 120cc class)
- A-74 Prop Hub - 6 x M5 @ 34mm Diameter (150cc – 176cc class)
- A-74 Prop Hub – M10 Prop Nut (with optional Pin) (UAV Class)

Direct Mount Options

- 4 x M3 @ 20mm diameter / 10mm Bore
- 4 x M5 @ 30mm diameter / 10mm Bore
- 6 x M5 @ 30mm diameter / 10mm Bore
